Especially to the Seniors:

The decade of the 1960's has seen you develop from young children to thoughtful young adults. While you were growing up, America, too, has been struggling toward self-understanding. You must now contribute your experience, maturity, and compassion to shape the tomorrows for us all.

True democracy, freedom—the promise that is America—is not easily won. And once won, constant guardianship must be maintained of our precious human rights. The effective leaders in tomorrow's world must increasingly be educated men and women who can understand the relationships between our past and our present and the challenges of our future; who can work individually and in cooperation with others in the best interests of all.

We, your teachers, parents, and friends, hope your experiences at Emery will help you to take your place in the adult world. We hope you see the vital importance of a good education. We wish you success in your future and in ours.

EMERY HIGH BAND

Again this year the band performed for all school assemblies. They also played before one of our home games, and several of the bandsmen appeared in their football uniforms just before opening kick-off. That's real loyalty! The annual Christmas assembly featured the band, which also participated in the Milk Fund game, and performed at the PACE P-TA dinner. The most exciting event was the winning of second place in our division at the University of Nevada's annual stage band festival in Reno in March. Ninety-five bands and fifteen combos were in this contest. Second prize was considered by the judges to be an outstanding achievement by Emery's fine musicians. The band played two other concerts in the Spring: at Holy Names Girls High School and at the Brisbane Grammar School. The musical year terminated with the 1969 graduation ceremonies, featured graduating seniors in instrumental numbers.

In addition, the Club decorated the Children's Hospital Christmas tree this year, as well as the gym for the Homecoming Dance, and participated in the March of Dimes and the Leukemia Fund drives. An affiliate of Rotary International, the Club is in touch with other Interact groups in the East Bay and as far afield as Japan, Uruguay, Finland, and Denmark.
